Handled With	A good line of steers to work with. Only a few became agitated when pressure put on in forcing yard and race. One steer was stirry and wanted to get away from you and did not want to block up (this was only stirry one in mob and was out of the ordinary compared to the other steers) Bikes , On foot		
Assessor Comments	An exceptionally well bred line of quality Angus steers ready to finish on grass or feedlot. These steers are extremely soft, easy doing with plenty of weight for age and with plenty of carcass shape. These steers are either out of AI sired cows that are directly by TeMania Emperor, Millah Murrah Clooney, Clunie Range Jedi & Gilmandyke Reality. Since their last weigh in these steers have been averaging 1.32kg/day on improved pastures with no suppliments. These steers have been given every chance throughout their lives so that they have the best chance to perform not only at finishing stage but also when at the final stage as a high indexing carcass. **Note** 1x steer with small scurrs & 1x steer with small white patch just in front of cod.
