Handled With	Bikes		
Assessor Comments	A quality line of Alloura blood Angus heifers. These heifers are showing great stretch for their age and will make a welcome addition to any breeding enterprise. All heifers are weighted out over 320kgs with the smaller sisters removed at assessment. These heifers are loosing their winter coat and have recently been averaging 1kg a day weight gain as a mob. Heifers have not at any stage had access to the bulls. Weaned back May, they have been handled regularly and extremely quiet heifers. The opportunity to secure genuine breeders that are ready to join.
