	Quiet heifers to handle and draft, they just became unsettled when confined in the crush. Very settled as a mob and in the paddock upon inspection there.					
Handled With	Bikes , On foot , Vehicles					
Assessor Comments	Very impressive line of Angus heifers, all one mark and only once removed from the vendor, all lifetime traceable. Ideal weight and condition to suit a joining straight away or would take to feed very well. The vendor has no bulls on his farm so buy with confidence they are NSM . Very even and true to angus type, they are big deep sided females and have some excellent shape and style about them as well. The heifers are really on the do now and are cleaning up in the coat and have a real shine to them. They are a large to medium frame and should continue to grow out well. Dont over look these as future breeders as they have the genetics to back up any breeding program.
