	The steers have a good temperament with a few slightly stirry steers in the mob. The odd steer stirred up under pressure in the crush, however, calmed down once released.

Assessor Comments	Approximately 195 VGQ No.2 RomagnolaX & BrahmanX Steers. At assessment, these steers weighed 200 – 370kg to avg 269kg after being in the yards for 6 hours. Steers are being worked through the yards and tailed in a large holding paddock up until delivery. In this run of steers there is approx. 70% with Crossbred traits and they all have very good bone, frame and weight for age. The steers are out of large framed VGQ Brahman, Romagnola & BrahmanX cows and are by VGQ Romagnola & Brahman bulls. This line of steers would be ideal to background for the grass fed bullock market or domestic & export feeder market.
