Assessor Comments	Buyers a great run of USDA, NOP, ORGANIC GAP certified steers out of Angus cows sired by predominately sale topping Gidyea Ultrablack Bulls. The Bogarella strs are highly sought after when taken through to Organic grass Bullocks and continually hit target grids, steers have powered ahead after recent rain averaging in access of 1.5 kg /day for the last 30 days. Ideally suited to take through to above mentioned market or for the conventional buyers would suit all grassfed 75% Angus programs as no antibiotics or grain in there life, alternatively would make great 100 day Angus x feeder strs for feedlotters. Please note 2 steers observed with old blight scarring in 1 eye not considered detrimental.A couple Steers showing signs of lice due to no treatments in Organic operation. Vendor has another 4 decks strs same sale.
