Steers moved freely through yards and required blocking up on the odd occasion. A percentage of the steers became unsettled whilst being mouthed and weighed but settle once back in mob.

| Assessor Comments | Buyers on offer are 4 decks of VGQ predominately Speckle Park, Angus, Droughtmaster and Santa cross milk tooth steers. These steers show very good weight for age standing on plenty of bone and show all attributes to power ahead on feed for intending purchases. These steers would be ideal to take through to heavy feeder weights or feed to take through to kill weights suiting all domestics markets with potential MSA grading's. Steers would ideally suit domestic feedlots due to being drafted on trade specs. Please note 3 steers with fly rub, 1 steer with blight in eye treated at assessment, 1 steer with damaged ears by crows. This is your chance to secure 4 decks of VGQ yearling steers that come highly recommended. |
