Cattle were very good to handle with a small percentage becoming agitated in the crush whilst being weighed and mouthed, once back in the mob the cattle settled.

Handled With	Bikes , On foot , Vehicles
Assessor Comments	Buyers on offer are 27 good quality Droughtmaster, Angus, Charolais and Brangus cross milk tooth steers. These steers show very good weight for age and exhibit plenty of length and depth, and will power ahead on feed for intending purchases. Steers would be ideal to to take through to heavy feeder weights or keep and take through to grass fed bullocks. Steers would also suit domestics feedlots being drafted on a trade grid spec.
