Assessor Comments	Buyers, Here is a good line of soft cross bred heifers that ave 375kg. Heifers have very nice length of body with good softness and depth of flank, they show good spring of rib with great weight for age only being 11 to 15 months old. Have nice femininity with plenty of room to grow out. Majority of heifers are bred out of medium to large frame Canmaroo Angus cross cows by good quality Angus sires with only a small percentage purchased. Cattle where a pleasure to handle through yards. Canmaroo cattle have a great reputation for performance on grass and grain. Heifers are Grass only eligible and antibiotic free. Vendor has steers in same sale.
