The majority of the steers worked well through the pound, crush and yards; some taking offence being put back through the crush a second time. At no time did they challenge, but did have some run in them if given space; but could be blocked.

Assessor Comments	Two decks of good weight for age steers with a good number showing softness and frame to hang the meat to make the money! They are in perfect condition to either put on the grain or oats to finish off for export markets. These calves were all sired by Top quality Angus bulls and to put some cream on top of this lot there is also some straight Angus/Angus steers in the mob! Now is the time to purchase these steers and finish fattening as they have been on good feed, converting well and moving forward. *Please also note there is a couple with clouding in the eye/old scaring but not detrimental. *There is also 2 other lots of trade feeder weight brothers in the same sale.
