While drafting in the yards, the steers do work reasonably well although a bit quick. The majority of the steers did stir while being assessed in the crush but settled ok when back with the mob.

Assessor Comments	A line of predominantly Angus & Black Limo/Angus x steers that present in strong store condition. The steers have been running on unfertilized country and offer potential buyers good compensatory weight gains. They are ideal steers for any graziers looking to back ground for feedlots or fatten as bullocks. **Please note** 1 steer was only marked at weaning and is still showing swelling in the purse. Vendor has several lots in the sale.
