Assessor Comments	A good line of store conditioned Angus and Angus cross heifers preg tested empty. Heifers are medium to good frame and in store condition after a very wet winter. Heifers are doing well now with green feed coming and conditions drying out. Very good temperament. Note: 1 heifer old blue eye scarring (not detrimental). Heifers with 2 teeth up were heavier heifers in the mob. Heifers that could be taken through to heavier weights to suit feedlots or joined to the bull of your choice. Opportunity to purchase heifers in store condition that have the potential to put on weight quickly. Note: Vendor has another lot of Droughtmaster type heifers this sale and PTIC heifers in Eastern States Sale.
