Assessor Comments

A good line of principally Droughtmaster, Droughtmaster cross heifers vet preg tested empty. Heifers are medium to good frame and in good store condition after a very wet winter. Heifers are doing well now with green feed coming and conditions drying out. Very good temperament. Heifer with 2 teeth is 379kgs. Heifers that could be taken through to heavier weights to suit feedlots or joined to the bull of your choice. Opportunity to purchase store condition heifers that have the potential to put on weight quickly. Note: Vendor has another lot of Angus type heifers this sale and a line of PTIC heifers in Eastern States Sale.
