Assessor Comments Buyers a great opportunity to secure a line of Euro X Steers. These Steers were all weighed from 380-469kg full. All of these Steers show good weight for age, shape and softness. These Steers have been running on Oats for the last 2 months and currently averaging 1.4kg p/day. Steers have had a drench 2 weeks prior to assessing and look to be loosing their old hair and are starting to shine up and look to be on the do. Steers show opportunity for compensatory gains to be had due to it being a long wet, cold winter. Please note the same vendor has 81 of the younger brothers to these Steers available in the same sale.
