Assessor Comments	24 good quality vendor bred Brangus weaned steers that present in good condition with good weight for age. Steers weighed 284kg to 373kg to average 330kg following 16 hours in the yards - a 1% adjustment was made to allow for a small amount of feed that the cattle could access (was completely trampled on inspection). The estimated delivery weight is 335kg and our vendor will deliver to Tenterfield Saleyards if required for ease of trucking. Vendor handles cattle regularly and this shows with the ease of handling and quietness. Ideal feeder steers or potential bullocks. Sister lines in same sale.
