Assessor Comments: 8 good quality vendor bred Angus weaned heifers that present in good condition with good weight for age. Heifers weighed

	278kg to 324kg to average 303kg following 16 hours in the yards - a 1% adjustment was made to allow for a small amount of feed that the cattle could access (was completely trampled on inspection). The estimated delivery weight is 308kg and our vendor will deliver to Tenterfield Saleyards if required for ease of trucking. Vendor handles cattle regularly and this shows with the ease of handling and quietness. 1 heifer with white marking can be removed at buyers request. Brangus brother line in same sale.
