Assessor Comments	A small line of quality unjoined Angus heifers that are rising 2 year old and present in good forward store condition and out of a herd that is renown for doing ability. These heifers are ideal replacement breeders, ready to join to a bull of the buyers choice and are rarely offered for sale. The herd these heifers are out of is based mainly on Speriby North bloodlines, but a handful of the cows date back to Bald Blair genetics. **Please Note** 2 of these heifers have a small cut below their right eye - deemed not detrimental at assessment. Vendor has another lot in the sale.
