Temperament

Yards	Crush	Paddock
Quiet: 6 head Slightly Stirry: 5 head	Quiet: 4 head Slightly Stirry: 7 head	Quiet: 11 head

	The heifers will respond to the owners call when he drives the ute and often uses small portions of Lucerne hay to coax the heifers from paddock to paddock and the heifers display a placid nature. In the yards the heifers are good to handle however most of the heifers didn't like being confined in the crush but settled well once back in the mob.
Handled With	Bikes , Low stress handling practices
Assessor Comments	A line of replacement Angus and Angus/Brangus yearling heifers that present in strong store condition and have been running on light mountain country which will offer potential buyers good compensatory weight gains and are ideally suited as future breeders as no heifers from the 2021 drop have been retained. **Please Note** One heifer has a wart on neck. Vendor has several lots in the sale.
