Assessor Comments	A very nice draft of Shorthorn and Shorthorn Angus cross Steer Weaners. Weighing 315kg at assessment. These Steers show very good growth for age, good structure standing on good heavy bone. These Steers are ideal to take out to heavy feeders or will grow out into exceptional Bullocks. These Steers were yarded the day prior to assessment and weaned of their mother. Doing a full overnight curfew prior to being weighed. They will stay in the yards up until delivery and will be fed Silage and good quality hay up until delivery.
