| Assessor Comments  | Tewinga Pastoral Holdings have a renowned Crossbred herd which is producing well framed and structured feeder steers. They have been performing exceptionally well year on year. These steers were brought down late last year for background, before going onto oats in May this year. Good opportunity to purchase a large line of feeders. Please note a total of 228 head on offer and will be run out the gate in two lots of 114 head. |                          |                             |
