Assessor Comments	A good quality line of vendor bred Angus Steers, which would ideally suit any backgrounding operation. These cattle are in good forward store condition, are fairly even in size and display good growth for age. Please note the black baldy steers , that are in the photos, have been taken out of this assessment, and are in a separate lot. (13 head.) Odd steer has old ringworm scarring about their head and 4 steers observed to have a white spot in their eye. Steers are just starting to freshen up, and loosing their winter coats. Consider lot to be a neat B-Double load. Parallel Assessment: Mitch Dundas. (IAN WEIR & SON P/L. LISMORE.)
