Assessor Comments	Traits			
	1 Head Pink eye scarring 1 eye only			
Assessor	Elite Angus genetics, a rare and unique opportunity to access females directly from one of Australia's leading angus seedstock herds. This is the only line of HBR heifers offered and they are equal in weight to the 4 middleweight groups of APR heifers drafted at assessment. These impressive phenotype heifers are bred directly from the Rennylea Stud herd. They present with freshness & are expressing their genetic profile of soft easy doing high growth cattle that have thrived in the kind Autumn conditions locally. These heifers are being sold commercially. EBVs summary attached in documents. IMF Av of this group +4.1 (top 18% of breed). These females present the successful buyer with an exclusive chance to elevate their herd with proven carcass & fertility genetics. These heifers have all been individually genotyped (DNA tested). 169 lighter heifers also for sale in 6 separate lots totaling 196 over 7 lots for sale. Tail of mob removed.
