Assessor Comments	On offer are 12 excellent quality registered Alloura Angus females. All cows' pedigrees and individual joining details are attached to the assessment. These 3-year olds were pregnancy tested and foetal aged on 24/09/26 and are PTIC to high calving ease, high performance, high \$ index AI and Alloura sires. 11 of the females are due to calve on the 13th of March 2027, and one is due to calve on 25th of March 2027. Alloura Angus Stud operates an elite breeding program with strong selection pressure on cow performance focusing on calving ease, fertility, body condition, structural soundness and premium carcase genetics including superior marbling. Joining bulls are selected to optimise genetic gain, with balanced, high \$ index EBVs. This is a wonderful opportunity to purchase top class Angus females carrying exclusive genetics, terrific phenotype, with exceptional structure and temperament. Please note that we are offering another 5 lots of PTIC females in the same sale. Lots are in age groups and then drafted into calving windows.
