Just a normal mob of Angus cows to handle. Well educated. Worked around yards no fuss.

Handled With	Bikes , On foot , Vehicles
Assessor Comments	An excellent mob of middle aged Angus cows. Carrying a proper "hayshed on their backs" with great calves at foot. Considering the weight these girls are carrying feet are in good fettle with no curled toes noticed and nobody sore of foot. Calves are by Karoo Angus sires with the cows rejoined to the Karoo sires from the 20th of October and will continue to be with the bulls until delivery. Only being sold due to a business restructure these cows present in the prime of their life with many years left in them. Certainly worth a close look, of a quality that would fit into just about any program.
