	Slightly Stirry: 1 head	Slightly Stirry: 2 head	Paddock
	Steers are great to handle in and out of the yards, well trained and handled.		
Handled With	Bikes , On foot , Vehicles		
Assessor Comments	**Buyers on offer are 145 Angus Steers, outstanding feedlot cattle averaging 495kg at assessment (474kg at delivery), being only 12-13 months of age, located only 5km off the Newell Highway. Vendor bred from industry leading Angus genetics including Kenny's Creek & Karoo studs that pride themselves on growth and weight gain, the Williams annual sale of their renowned feeder Steers. Exhibiting outstanding bone, growth, shape, depth & length as shown in the HUGE weight for age. I emphasize that the steers present in a perfect feeder condition, not carrying any extra fat at all, just a massive amount of bone, depth & topline to make up for the massive weight for age. Steers were weighed on the 4th of July to average 390kg. Steers have averaged a whopping 1.4kg per day weight gain for the last 73 days (from assessment), grazing on crop & having access to a small ration of grain oats in lick feeders for the past 6 weeks. An opportunity to purchase some outstanding cattle with everything done right, steers that will genuinely be proper stand outs the whole way.**		
Assessor	Ryan Browne (Level 1 Accredited) Phone: 0447 313 923		
Delivery Period	21/09/2026 to 25/09/2026 (5 days)
