Handled With	Heifers are good to handle in yards, odd one agitated while in crush Bikes , Horses , Vehicles			
Assessor Comments	A good line of one mark heifers that are from a renowned commercial herd. These females would be suitable to either take on as future breeders or to feed to heavier weights for MSA markets. They haven't taken a backward step from when they arrived to now & given the right opportunity should continue to go forward. During the assessment approx 7hd were observed to have some blight scarring which wasn't deemed detrimental
